Dear John,

Once again you have rescued us - you really are a star, and I don't know how you manage what you do without bringing huge branches crashing down on to defenceless sheds below! Thank you so much for coming to our aid and removing two huge branches so quickly and efficiently and leaving no sign of your visit behind. Absolutely brilliant, and we are very grateful. On your website there is already a letter from us dating from your last visit in February 2011. I would be more than glad to see this appear either as well or instead of that one, and of course you will get a special mention in our next Newsletter.

Thank you again, and we will have no hesitation whatsoever in recommending your services to anyone – you do such a good job and so tidily as well.

With every good wish and very many thanks,

Yours sincerely,

Charles R. Grace
